

# Free Cultural Competency Training for the Mental Health & Addiction Workforce

We have a range of courses and resources for the mental health & addiction workforce to help recognise and respond to the diverse and unique needs of the Asian and refugee communities

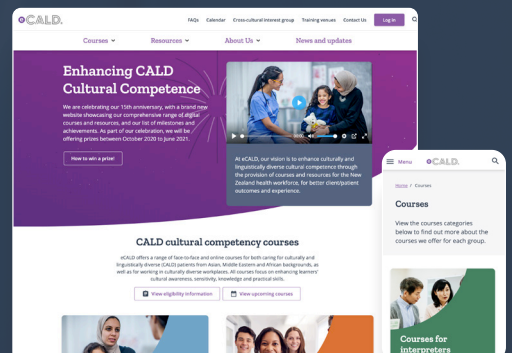

Asian and refugee communities are ethnically, culturally and linguistically diverse

Mental health and addiction services are required to provide culturally safe, inclusive and responsive services to these communities to improve their mental wellbeing and equity outcomes.

For more information, visit [www.ecald.com](http://www.ecald.com)

We have a range of courses and resources for the mental health and addiction workforce to enhance cultural competence and skills working with the diverse Asian and refugee communities.

## Courses for clinicians

- **Module 801-1:** Basic Competencies in Working with CALD Communities in a Mental Health and Addiction Context (Pre-requisite)
- **Module 801-2:** Essential competencies in Working with Asian communities in a Mental Health and Addiction Context - Available from April/May 2023
- **Module 801-3:** Essential competencies in Working with Refugee communities in a Mental Health and Addiction Context - Available from April/May 2023
